Subject: Conditional Amendment Approval, Sunroc Corporation, Chicken Creek(East), M/023/016, Task #1473, Juab County, Utah

Dear Mr. Christofferson:

The amendment to the Levan Chicken Creek Mine received on September 6, 2006 is conditionally approved upon receipt and approval of the following items.

1. The receipt of an additional copy of the submittal as shown on a copy of the attached MR-REV form. Once this information is received the Division will stamp both copies approved and return one for your plan.
2. A rider to the surety bond to include the Chicken Creek East area. The corporate surety rider is required to state the following:

"Replacement language to Attachment B, Surety Bond, Form MR-6, second paragraph, including the underlined verbiage in the third paragraph shall be replaced with: The mining and reclamation plan received Division approval on October 20, 2005. Acreage to be disturbed is identified in Notice of Intention mining and reclamation plan as amended, subject to the terms and conditions of the reclamation contract."

*Please remove the language from the Dual Obligate Rider stating:
" Disturbed Area Map of the Levan Chicken Creek (West Mine)
M/023/016"*

The amendment adds 5.8 acres of the Chicken Creek East area to the existing mine. No Forest Service lands are approved in this amendment.
